

## COMMUNITY OUTREACH

### PROFESSIONAL DRESS FOR SUCCESS CLOTHES DRIVE

Following the example of the Sagamore American Inn of Court's program, the Robert M. Foster American Inn of Court initiated its first professional clothes drive this year. Our female members donated dozens of professional outfits plus purses, shoes and other accessories which were given to Micah's Place, a battered women's shelter, to assist in their efforts to help women in the career development program. Our male members donated suits, sports coats, shirts, ties and belts which were given to Prisoners of Christ to help offenders find suitable positions as they transition to civilian life.

### SENIOR CITIZENS PROJECT

Members of the Robert M. Foster American Inn of Court, along with members' paralegals, gathered at the offices of the Nassau Council on Aging to create and execute advance directives documents for sixteen senior citizens. All received one-on-one assistance and all left the event with fully executed advance directive documents.

### RECOGNIZING THREE LONG TIME STALWARTS OF THE LEGAL COMMUNITY

Recently three legal secretaries, one in private practice, one with the State Attorney's Office, and one with the Public Defender's Office retired within months of one another. Each had served the community for over thirty years. They were honored at an Inn dinner and each was recognized afterwards with a brass replica of the Nassau County Historic Courthouse.
